The parties to this Assignment Agreement are the Commonwealth, the Assignor, and Dyne Tek Services, Inc. (the "Assignee"). The Contract is incorporated herein by reference. Dyn Tek Services, Inc. is a Delaware Corporation and conducts business under the FEIN 134067484.

1. Assignment of Rights. Assignor hereby certifies and warrants to the Commonwealth that Assignor has irrevocably assigned to Assignee all of Assignor's rights under the Contract. Without limiting the foregoing, this assignment includes any outstanding right to payment for work or deliverables rendered prior to the assignment, and Assignor agrees it retains no right to assert any contractual claim whatsoever in connection with the Contract.

2. Acceptance of Assignment of Rights. Assignee acknowledges and agrees that its rights against the Commonwealth in connection with this assignment are no greater than such rights would have been in the hands of the Assignor. Without limiting the foregoing, all rights to payment are subject to such offset, and all other performance by the Commonwealth shall be subject to such defenses as the Commonwealth would have been able to assert against the Assignor in the absence of this assignment.

3. Assumption of Duties. Assignee hereby makes its unconditional commitment to the Commonwealth to assume and perform all of Assignor's remaining obligations under the Contract. Without limiting the foregoing, this assumption includes completion of all work in progress and responsibility for correcting, maintaining or replacing any prior deliverables which were intended by the Contract to be of ongoing use or benefit to the Commonwealth.

4. Consent to Assignment. The Commonwealth hereby consents to the assignment. In the event the Commonwealth mistakenly directs any further payment under the Contract to Assignor (or in the event the Commonwealth has already remitted to Assignor any payment covered by the assignment to Assignee), Assignor agrees that it has and will hold such payment in trust for Assignee and, on behalf of the Commonwealth and without any offset or reduction whatsoever, shall promptly remit same to the Assignee for credit to the Commonwealth's account.

D.I.T.

5. Arrangements as between Assignor and Assignee. Upon execution of this Agreement the Assignor is released from its obligations under the Contract. Any arrangements which Assignor and Assignee may make or have already made in regard to rights and duties as between themselves are separate from this Consent To Assignment and shall not affect the Commonwealth's right hereunder to treat the Assignee as holding all rights and obligations of Assignor under the Contract.

6. Notice to Assignor. If the Commonwealth sends any notice terminating the Contract, or any notice warning of possible termination of the Contract, the Commonwealth will send a copy of any such notice to Assignor.

7. Transition Duties. This Assignment shall become effective October 1, 2002.

8. Applicable law. In accordance with the Contract, this Assignment Agreement shall be governed by the laws of Virginia and any litigation with respect thereto shall be brought only in the courts of the Commonwealth of Virginia. All other terms and conditions of the Contract remain in full force.

9. Complete Agreement. This is the complete and final expression of the Assignor's and Assignee's agreement with the Commonwealth and can be modified only in a writing signed by all parties.

IN WITNESS WHEREOF, the parties have caused this Assignment Agreement to be signed by their duly authorized officers, intending to be bound thereby.

It is the intent of both parties to aggressively pursue a subsequent agreement wherein students' rights and Contractor's provisions are further defined. It is intended that this subsequent agreement shall be an addendum to this Master Agreement. However this paragraph shall not be construed to require an agreement be reached or limit in any way the freedom of either party to determine the contractual content satisfactory to such party.

The Contractor's pricing as listed in Attachment A, hereto is NOT TO EXCEED PRICING. During the initial term and all renewals periods of this Master Agreement, the pricing shall not exceed the pricing as delineated in Attachment A. 4. ACCEPTANCE, TESTING AND COMPLIANCE WITH SPECIFICATIONS

To qualify for acceptance, all Services identified by a specific Order must concurrently perform in accordance with the technical specifications and functional descriptions, as contained or referenced in this Agreement, at an average effectiveness level of 95% or more, calculated over a period of 48 hours (business hours). Authorized users shall not pay any charges, either beforehand or retroactively, associated with the Contractor's requirement to achieve this performance level. If the Services do not meet the standard of performance during the 48 hour test, the acceptance period may continue on a day to day basis until all Services, comprising the Order, concurrently meet the 95% System Availability level, or authorized users may not accept the Contractor's Services identified by the Order, and the Order shall automatically terminate at no cost to the Commonwealth. In the absence of any correspondence from the Commonwealth that identifies non-conformance, the Contractor shall determine the Services, accepted by the Commonwealth.

Should it be necessary, the Commonwealth may delay the start of any individual acceptance test, but such a delay shall not exceed ten consecutive days. During any delay in the start of the acceptance testing, the installed units shall not be available for use by the authorized user.

5. SITE AVAILABILITY and DELIVERY

The Commonwealth shall have the site or location ready for the Services to be installed at the time of delivery as identified in the Order. Should the Commonwealth not have the site available for Services at the agreed to date, then the Commonwealth entity may be charged a fee equal to the

amount of expenses incurred by the Contractor as identified in this Agreement, for the attempted delivery.

Any equipment, materials, shall be delivered to the Commonwealth location FOB destination. Contractor shall arrange for delivery of the Services (equipment, hardware, or other), to the Commonwealth premises on the dates agreed to by both parities. The Commonwealth will not be financially obligated or responsible for any equipment, hardware, or other while stored on the Commonwealth property, until such is installed and considered Services.

Contractor's authorized representatives shall have access to Commonwealth's location during normal business hours in accordance with all security procedures for that specific location and as may be identified herein.

6. FIELD MODIFICATIONS AND OR ENGINEERING CHANGES

During the term of this Agreement, Contractor agrees to keep the Services provided hereunder at the latest OEM sponsored modifications and or engineering change. Such upgrades shall be made as soon as practical after the notification and or engineering change is announced by the OEM to the public, but in no event shall the modification and or engineering change be installed by Contractor later than thirty days after such notification. 1. Service Level 1; Contractor acknowledges call within one (1) hour of receipt and problem is corrected within 24 hours of initial call. This correction may involve total or partial replacement of Asset or or component/s as necessary.

2. Service Level 2; Contractor acknowledges call within one half (1/2) hour of receipt and problem is corrected within 4 hours of initial call. This correction may involve total or partial replacement of Asset or component/s as necessary.

3. Service Level 3 (PG and PW); Contractor acknowledges call with one (1) hour of receipt during PPM or within one (1) hour of receipt at the beginning of the next PPM for call received outside of PPM. 4. Service Level 4; Contractor acknowledges call within one (1) hour of receipt during PPM or within one (1) hour of receipt at the beginning of the next PPM for call received outside of PPM. Problem is corrected no later than the end of PPM on the 2nd business day after acknowledgment of call.

D.I.T.

8. LIQUIDATED DAMAGES

The parties recognize that if delivery of the Services identified in the Agreement are not accomplished within the time limits above, authorized user's damages will be difficult to quantify. Therefore, if the Services are not ready for acceptance testing within 24 hours, after the Contractor agreed to delivery and install date, the parties agree that Contractor shall pay daily liquidated damages that would equal the costs the Commonwealth would have paid for the Services for each day the Services are not installed. However, if the ascertainable portion of the Commonwealth's damages exceeds the foregoing liquidated amount, then the Contractor shall pay the ascertainable portion and shall have no liability for any remaining damages.

9. INCREASE IN FEES

All fees for Services are due monthly in arrears. There are no additional fees authorized by this Agreement and Contractor shall invoice only for those fees set forth in this Agreement or any executed Delivery Order or Purchase Order referencing this Agreement. After 12 months from Contract execution and annually thereafter, the Contractor may request an increase in labor rates or other "intangibles" associated with this Agreement in accordance with the CPI-W index entitled "Other Services". The percentage increase shall not exceed the above index's most recent percentage available to the Commonwealth as published by the Bureau of Labor Statistics' Philadelphia Office. If such prices remain the same or decrease for succeeding years, DIT shall be afforded the opportunity to renew the Services identified in this Agreement at the lowest price available to other customers.

10. CREDITS

Any credits due the Commonwealth under the terms of this Agreement may be applied against Contractor's invoices to the applicable agency with appropriate information attached.

11. TITLE

In the event of default, wherein equipment is purchased, Title shall pass to the Commonwealth when all agreed to monies have been paid by the Commonwealth.

12 SUPPLIES

Authorized charges do not include operational supplies (e.g., paper, tape, etc.) unless such supplies are specifically identified herein. All supplies used by the State shall conform to the Contractor's published specifications provided to State at time of equipment installation. The State reserves the right to acquire such supplies from any contractor of its choice.

13. EQUIPMENT REPLACEMENT

In the event that the Asset, or component thereof, furnished under this agreement experiences continual maintenance downtime, and as a result is inoperative in excess of 5% of total time available for daily service (e.g., 45 hours per week, 180 hours per month, 5% = 9 hours per month) for three consecutive calendar months, the State reserves the right to require the Contractor to replace the Asset or component at no cost to the State. The replacement shall be installed no later than five (5) business days after the State requests the Contractor to provide a replacement.

14. RESTRICTIONS ON USE OF ASSET/S

The Commonwealth shall:

a. keep the Asset/s free and clear of all claims, liens and encumbrances.

and

b. not use the Asset/s in any manner or for any purpose for which the Asset/s is not designed or reasonably suited

and

c. shall not permit any physical alteration of the Asset/s without the prior written consent of the Contractor.

and

d. shall not affix, attach or install any accessory, equipment or device in connection with the Asset/s that might interfere with the operational capacity of the Asset/s. All repairs, parts, supplies, accessories, equipment and devices affixed to the Asset/s shall be deemed accessions to the Assets/s, and unless such accessories can be removed without damaging the Asset/s or interfering with its operation capacity, they shall become the property of the Contractor, provided, however, that Contractor may, at its option, have the Asset/s restored to its original configuration and condition (ordinary wear and tear expected) at Commonwealth's expense upon termination of this Agreement

and

APPENDIX 2
to
Contract VA-000920-DYNC

a. *SMS Cost Ratio (CR)*

At no time during this agreement will the Contractor be allowed to exceed (NTE) the *Tangible* (hardware or other fixed asset costs) and *Intangible* (travel, service & labor costs, finance charges, etc.), cost components of each seat configuration (DG, DW, etc.) offered in the RFP cost proposal, except as provided herein. DIT will use the NTE prices in the following manner.

b. *Manufacturer's website URL for Government purchase pricing*

Tangible hardware prices for PC configurations shall be verifiable at the computer manufacturer's web site, from the manufacturer's published government (or educational, in the case of students) purchase prices for the models/components offered. DIT will use the published pricing to calculate a **SMS Cost Ratio (CR)[1].**

c. *SMS Cost Ratio (CR) calculation and table*

A table of CRs for each SMS Standard configuration is shown below. The CR will be determined by first calculating a **contract dollar amount (CDA)** equal to the Refresh period in months, multiplied by the Tangible monthly per-seat and/or per-server service price offered, for each minimum SMS Standard configuration (DG, DW, etc. w/o options/upgrades). The CR is then calculated by dividing the **CDA** by the manufacturer's current published **government purchase price (MPP)**. (Figures rounded to the nearest whole dollar.)

	DG	*DW*	*PG*	*PW*	*S*
Refresh					
SL1	CR	CR	CR	CR	CR
12	0.67	0.62	0.78	0.83	0.70
24	0.77	0.71	0.93	0.99	0.88
36	0.86	0.80	0.98	1.04	0.99
SL2	CR	CR	CR	CR	CR
12	0.67	0.62	0.78	0.83	0.70
24	0.77	0.71	0.93	0.99	0.88
36	0.86	0.80	0.98	1.04	0.99
SL3	CR	CR	CR	CR	CR
12	N/A	N/A	0.78	0.83	N/A
24	N/A	N/A	0.93	0.99	N/A
36	N/A	N/A	0.98	1.04	N/A
SL4	CR	CR	CR	CR	CR
12	0.67	0.62	0.78	0.83	0.70
24	0.77	0.71	0.93	0.99	0.88
36	0.86	0.80	0.98	1.04	0.99

All subsequent *Tangible* cost component changes will be governed by the CR for the life of the Master Contract. Any new prices charged for product replacements, whether caused by manufacturer price changes, fee evaluation, obsolescence, refreshment or changes in the SMSCOV Standards, shall maintain the CR established by the original CR calculation described above.

The Tangible cost component prices and CR may also be used in any buyout calculations made or negotiated pursuant to the contract Terms and Conditions.

1 **Example CR calculation**:
Tangible cost component monthly price offered for configuration DG, with 36 month Refresh, SL1, is $41.66.
CDA= 36 mo. x $41.66 = $1499.76.
The manufacturer's published government purchase price, for the same model, is $1349.
Therefore, (using rounded figures), CR = $1500 / $1349 = 1.11. (CR = CDA / MPP).
1.11 shall be the CR, for configuration DG, SL1 and shall be maintained for the life of the contract.
